

Healthy Pontiac, We Can!

Partner Spotlight

Jill Robinson, Property Specialist Oakland County Treasurer's Office/ Growing Pontiac

What is Growing Pontiac?

It is a coalition of gardeners in Pontiac and surrounding cities that are working to increase gardening resources in the city of Pontiac.

Any upcoming events?

The Annual Urban Farming Mother's Day Free Plant Giveaway is coming up on Saturday, May 7th, 2016 at 11:00 a.m. at Wisner Stadium (441 Cesar E Chavez Ave, Pontiac). We will be there until we run out of plants. Visit www.urbanfarming.org for more details.

What are you most proud of in Pontiac?

The people. They are genuine, kind, and come together to help each other.

Favorite healthy meal?

As a vegetarian, my favorite meal right now is a roasted vegetable salad with balsamic vinaigrette dressing.

Favorite exercise?

I recently started weight lifting with a personal trainer and I really enjoy it!

Three fun things about me:

1. My undergraduate degree is in Recreation and Parks management. I'd love to be able to visit all the National Parks.
2. I have a mini-golden doodle named Lucy that I love.
3. I been driving the same car for 9 years and I am anxiously awaiting the moment it reaches 100,000 miles.
